THE GRAPEVINE

ST. JAMES PARISH • WILMINGTON, NC

WEEK OF JUNE 21, 2020

THE REV. CHERYL BRAINARD

Last week, I called one of my friends at neighboring St Mark's Episcopal Church and simply asked, "How can the big white church at the corner of 3rd and Market respond to the events in the media?" I told her I was broken-hearted and simply had no words, but felt driven to reach out to her. Her response was clear, but not simple. "PRAY," she responded. "We have to pray."

Over the conversation, we agreed that in this politically charged pandemic environment where we find ourselves, regardless of what we do, it will be seen as wrong in the eyes of some. Thankfully, we also agreed we were more interested in being right in the eyes of God, and that we could not go wrong if we "PRAY."

My thoughts immediately went to words of a song I learned as a teenager – words that come from the passage from 2 Chronicles 7:14 (NIV)

"If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land."

Seems simple – right? Or perhaps not because in today's climate, members of the same family, same community and even the same church do not agree about what it will take to "heal our land," much less what it means to "turn from their wicked ways." But we can still PRAY.

This week, I invite us all to turn off the TV for just one day to truly seek the will of God rather than our own agendas – just one day. Perhaps each time we are tempted to turn it on, we could try using the words from Micah 6:8, which asks what it is that the Lord desires from us. Micah's response is clear and sort of says it all – "To act justly and to love mercy and to walk humbly with your God." May I suggest that if you hear something in opposition to justice, mercy, and humility, you may want to ask again.

Dear St. James Parishioner,

From our last communication you know that your Rector Search Committee has entered into a time of preparation during which we are gathering information to help guide our decisions as we try to discern God's direction in our search for our future rector. A major part of this, the parish survey known as the Church Assessment Tool (CAT) is ready to be initiated. This tool will provide a clearer picture of who we are as a church and what directions might be important for our future. This information is important to us as well as to a prospective candidate. It also is your chance to make yourself heard and therefore your response is very important to this process.

The survey is available to all members of your household age 16 and above and we encourage everyone to take the survey.

All answers are strictly anonymous. We have no way of matching any assessment to a particular person, so please feel free to share candidly your perceptions, opinions and experiences. The survey will take approximately 25 minutes to complete. Please set aside enough time to complete it at one sitting. Our future together is dependent on your participation and honest answers.

The survey opens June 15 and we ask that you take the on-line assessment as soon as possible thereafter, but before July 6, 2020 when the survey ends. We will be sending an email with active links.

If you are unable to take the survey online please contact the Church office 910 763-1928 and request a paper copy.

If you have questions, please contact:

Many thanks,

SPIRITUAL GROWTH MOMENT

By Greg Richardson

Early in this COVID-19 pandemic I came across an idea posted by a friend that we should not be practicing “social distancing” but rather “physical distancing”. Remaining social and remaining connected is important to our mental and physical health. Over the past few months, social distancing has had a dramatic impact on how we meet, eat, play, cheer, learn and pray. This time of change has given me time to reflect on ways that we may have already been distancing ourselves from others at work, play, school, or even church. It is easy and perhaps natural for us to find our comfort zone in society with people of like means, thoughts, ethnicity, or beliefs. Likewise, it is easy to stay in our own lane in our church community when we choose the activities, guilds, and worship times that suit us best. It may even become the norm to recognize a face, but not know a name. Perhaps as we transition into whatever will be the new normal at St. James, we can find a hidden blessing in allowing our social and spiritual integration to grow as our physical distancing shrinks.
